West Michigan Rivers-Fishing Report

March 23rd, 2010

Steelhead and the bunny hex

Pere Marquette Temps - mid 40's Water Conditions - average level, clear
>>>It looks like the new shipment of steelhead are starting to arrive and just in time. Trout fishing has been good, they are acting like it is late April or May. Our four steelhead yesterday all came off from a bunny hex. The stone hatches have been light. *Kevin Morlock*

Big Manistee Temps - 42 Water Conditions - average, clearing
>>>Water temps are about perfect on the Manistee and the fishing is good. The water has cleared enough that fly fishing is effective again.

Muskegon Temps - 39 Water Conditions - average
>>>Good steelhead numbers following the recent rain and high water. Water temps are warming to a point where the steelhead and trout activity is increasing. *Phil Cusey*

One of the four steelhead from yesterday, they all wanted the Bunny Hex.

Bunny Hex

Hook... Gamakatsu Octopus, size 4
Eyes... medium, black bead chain
Tail... flesh colored rabbit strip
Back... 4-5 strands of peacock herl
Body... cream sparkle yarn
Hackle... pheasant body
